OUR SENATORS

California Senators Hiram Johnson and Sheridan Downey have nothing to be proud of on two scores this week, namely; inadequately defended coast lines and \$30 monthly pensions for all citizens over 60 certified by their home states as needy.

To the veteran isolationist of Capitol Hill, California Senator Hiram Johnson, goes the credit for raising a hue and cry that our West Coast is not adequately protected against invasion. This newspaper agrees with you, Senator, that "Something ought to be done about it!" But why in the H--- didn't you do something about it a long time ago instead of doggedly hanging on to the theory of isolation. You continuously preached that this hemisphere could go unscathed when the rest of the world was in flames; that Japan would never attack us.

May we ask: Who was it that helped pull the teeth of the League of Nations? Who was it that helped block every effort made to fortify our outposts? Who was it that fostered the sale of scrap and petroleum to the Japs—materials from the USA that were transformed into tools of war to force the downfall of Singapore and blow MacArthur and his men off Bataan Peninsula? Who was it that balked every military appropriation for the past two decades the result of which has left the West Coast as well as other areas practically defenseless?

Could the answer to these questions be the name of our Senatorial Patriarch who is now crying that the folks at home do not have planes and guns to fight off the heathens from the East? If fact gives you cause to relent, Senator Johnson, and time gives opportunity, why not work as vigorously on a program of protection as you have on one that has left us without protection? The folks at home are ready. We invite you and others in Washington to lead the way.

News from Washington brought this bit of unwholesome information: "Senator Sheridan Downey, California, opportunistically sought to attach to the repealer of the congressional pension law one that would provide a \$30 monthly pension for all citizens over 60 certified by their home states as needy."

Public indignation over the congressional pension enactment was occasioned largely by the fact that it was "sneaked through" as a "stowaway" in a bill whose ostensible purpose was something else. Senator Downey now attempts to "sneak through" another measure that has not been submitted for public debate. Possibly the opportunistic senator or thought the people, in their gratitude for the repeal of the congressional bounty, would be willing to let this other proposed pension pass as a sort of swap. But there is no defense for this procedure. The public is preoccupied by the war, and should not have to be constantly on guard against having its tax pockets picked whenever its attention is diverted by other matters.

Senatorial activities such as these may confirm a recent comment in "Time" magazine, "There will soon be a lot of new faces on (Continued on Page 5)"

DALY CITY NEEDS FIRST AID VOLUNTEERS NOW

"A bombing in Daly City would probably result in five hundred casualties. What can 53 people do toward first aid under such circumstances?" So spoke R. L. Crane jr., head of first aid in Daly City's Civilian Defense council, in pointing out the desperate need for more volunteers.

After nearly three months of wartime preparation for civilian defense, Daly City's first aid squads, "the first line of defense," number but 53 people in the entire roster of civilian defense volunteers.

Thirteen squads were formed to care for and treat the injured in Daly City, and each squad was assigned to a sector early in February, but Crane declared that many units number but two or three people to a squad and some of the districts are without any volunteers in the squads at all.

CRANE

At the time that first aid was first organized in Daly City for civilian defense, Mrs. A. A. Rochex, San Mateo County Red Cross first aid chairman, estimated that Daly City would need at least 156 volunteers for first aid in case of a disaster. In demonstrating the great shortage of men and women in first aid, Crane compared the Red Cross requirement figure, 156, with the actual number of volunteers who have registered for standard courses to date, 53. One hundred and fifty-six people was the bare minimum needed, Crane added.

Standard first aid classes were begun for the volunteers during the first week in January, and four classes were launched under the sponsorship of the Red Cross. The classes are meeting twice a week in order to rush the need for organization.

The city and the San Mateo chapter of the Red Cross have merged funds in supplying the first aid unit with the necessary supplies, such as stretchers, roller bandages, triangular bandages, compresses, tourniquet sticks, and antiseptics. The city supplies the equipment for the squad and the Red Cross furnishes the material that is necessary for the individual.

More standard classes will be introduced as soon as Crane can get enough volunteers for a class. Meanwhile, he urges everyone who can possibly devote a few hours a week to first aid, and who is sincere in doing his part for civilian defense and the war effort in general to register for first aid either at civilian defense headquarters in the city hall or at his office in the Administration building of the school district, 344 Santa Barbara avenue.

Citizens Club Raises Fund For Red Cross

Funds of the American Red Cross were boosted recently, when the Italian-American Citizens club of Daly City and Colma sponsored a fund-raising drive for the San Mateo county chapter which resulted in a donation amounting to \$52.15.

With the cooperation of local merchants in furthering the finances of the Red Cross, the Italian American Citizens club held a drawing at 6229-A Mission street.

Winners of the drawing were: Ed Campinotti; John Smith, San Francisco; M. Denomissi, San Francisco; Victor, 34 Hillcrest drive; and A. Raggio, 1169 Brunswick street.

The club expressed appreciation to the merchants for their splendid co-operation in the fine results of the campaign. Following are the merchants who cooperated with the Italian-American (Continued on Page 5)

F. B. I. Nabs Two In Daly City-Colma

Investigation of enemy alien operations in Northern California by FBI agents over the week-end led to the arrest and booking of two suspects in the Daly City-Colma section, Saturday.

Mrs. Betty Stuckmeyer, 38, 208 Los Olivos avenue, a German alien, was the only woman arrested in the investigation in San Mateo county. The other local suspect that was arrested, Saturday, was Nello Matteucci, Colma, an Italian alien.

Local police aided the federal officers in the investigation and arrests in Daly City and Colma. Chief James G. Reardon and Sergeant Ricco Benedetti made the arrest of Mrs. Stuckmeyer, Saturday morning, at her home. She was taken to the police department and booked enroute to the FBI. The Daly City police confiscated from her a camera, and a pair of field glasses which were then turned over to Deputy Sheriff Maloney and Walsdeck. The custody of Mrs. Stuckmeyer was transferred to Inspector Cost of the Federal Bureau of Investigation.

Matteucci, the other local enemy alien, was arrested by Inspector Cost and George Krehl, deputy sheriff in this district. Matteucci was found to be a plasterer by trade, and has been in the United States for the past nineteen years. He was sent to Redwood City.

Federal agents chartered a Greyhound bus, Sunday, and the prisoners were taken from Redwood City to the immigration station in San Francisco. The enemy aliens that were picked up in the week-end raid are regarded as "potentially dangerous" enemy aliens. They were described by Special Agent Nat Pieper as pro-Nazi, pro-Fascist, and highly nationalistic Japanese.

DON'T USE PHONE NEEDLESSLY DURING BLACKOUT

To avoid confusion in telephone lines and to keep the lines open for only important uses, the Civilian Defense Council, this week, placed further emphasis on restrictions for the use of telephones by residents during blackouts.

It was pointed out by the council that there is a tendency for householders to rush to the telephones and make unnecessary calls to friends and relatives during blackouts. The council urged residents that they should report to their wardens if they need aid.

The council pointed out further how heavily taxed the telephone communications are during blackouts when emergency calls by wardens, auxiliary officers and other civilian defense officials are made. Residents were urged to avoid the use of their telephones during a blackout and for at least one half hour after the "all clear" signal has been given.

Following the recent mass drill that was held for Daly City's volunteers, the Civilian Defense (Continued on Page 3)

Rationing Board Files Jan. Reports

Reports that were recently filed with county rationing officials by the Daly City Rationing board for the month of January showed the rationing of rubber commodities to four applicants.

The Daly City Police department received passenger car tires for police patrol cars. In addition to the tires, the police department also secured the right to purchase a police patrol car.

Other rubber accessories applicants who received merchandise during January were: Fortunato Bottini, 7339 Mission street, wholesale poultry dealer, truck tires; Alfred Harrison, 6236 Mission street, plumbing contractor, truck tires; and Ernest Martini, 127 Werner street, hog farmer, truck tubes.

Aside from the police patrol car, Belli Motor company released four other automobiles on orders from the Rationing board. The cars were sold to: Mario Puccini, 6654 Mission street; Willard (Continued on Page 4)

Nope, That Was NOT A Snowstorm

Really, it wasn't a snowstorm that we had in Daly City Tuesday morning—just hail.

The first hailstorm in a long time beat down on Daly City streets for a brief three or four minutes, Tuesday, following a short rain. It wasn't long, though, when the "All Clear" came, the sun went to work again, and business went on as usual.

How About Reading A Good Book This Week?

Have you read a "new" book lately? If not, now's the time to select a best-seller from the stack of the latest books at the Daly City public library, 6351 Mission street. Mrs. Jean O'Rourke, head librarian, announces that the following new books are to be found on the shelves:

Fiction, "How Green Was My Valley," Llewellyn; "Wind-swept," Chase; "The Keys of the Kingdom," Cronin; "Saratoga Trunk," Ferber; "Wild Is the River," Bromfield; "A Leaf in the Storm," Lin Yutang; "Mrs. Appleby's Year," Kent.

Non-fiction, "Inside Latin America," Gunther; "Berlin Diary," Shirer; "That Day Alone," van Paassen.

Red Cross Sewing Group Speeds Work

Highly praised by county officials, the Red Cross sewing workshop in Daly City, under the direction of Mrs. Horace Fellows, town chairman, has contributed large supplies of finished garments to the San Mateo county chapter since the recent renewal of material from the county.

Distribution of these garments to both civilians and service men is made by the county chapter. Mrs. Julia Jordan, local production chairman of the Red Cross, has a crew of 38 volunteers engaged in the sewing and knitting activities each Wednesday at the Daly City Theatre hall, which was donated to the workshop for this purpose.

Despite the fact that the workshop has shown a good response to the county's call for garments, Mrs. Fellows announced that the local workshop continues to need more women for sewing and knitting duties. All women who are (Continued on Page 5)

Two New Names On Lincoln Plaques

Two more names were added, last week, to the Abraham Lincoln plaques which were presented to the Jefferson elementary school district and Jefferson Union high school ten years ago by Arthur J. Bodien, city official and an enthusiastic admirer of Lincoln.

Presented in an effort to stimulate interest in the life of one of America's greatest men, the plaques carry the names of the essay winner from the local grammar schools and Jefferson Union high school each year. Names added to the plaques this year for outstanding essays on the life of Lincoln are Betty Inks of Jefferson Union high school and Lola Casentini of Jefferson grammar school.

Bodien made the presentation at the high school in the office of (Continued on Page 5)

COUNCIL INCREASE FISCAL BUDGET BY RESOLUTION

Daly City's Board of Councilmen met, Tuesday evening, this week in a short regular session to handle an important budget item, consider yard improvements at the Citrus avenue pump house, read applications from local citizens who asked to serve on the April 14 election boards, and handle other routine city business.

The council unanimously adopted a resolution providing for an increase in the fiscal year budget to cover items charged to the water department, the fire department, and the parks and playgrounds. Late bills that came in after the 1940-41 fiscal year had closed required additions to the current budget.

Following an announcement by Councilman Edmund Cavagnaro that a fence at the Citrus avenue pump house was in a dilapidated condition and that recent storms had washed away a portion of the yard, several members of the board declared their intention to make a tour of inspection to the pump house to formulate plans for repairs and improvement.

The council discussed a controversy that had arisen regarding personal property tax charged to Belli properties on San Pedro road. Mayor John J. Fahey sr. volunteered to take the matter up with the parties involved and work out a settlement.

A communication from Lake Merced nursery was read congratulating Fred Collins and the local office of the county health department for the careful and thorough abatement of an unsightly structure on Junipero (Continued on Page 5)

Taxi Hires First Women Drivers

It took a war to do it but women have finally been given a chance to challenge the accusations against the capability of women drivers, and in Daly City there isn't much said anymore about women drivers.

Faced with a shortage of men for taxi drivers' jobs, as a result of draft and defense jobs, the Daly City Cab company placed women drivers into employment.

Stationed at the cab stand at the "Top of the Hill," Mrs. Cecile Madison and Miss Delia Deil work the regular day shift each day in the cab. In the past three weeks, they have proved their mettle. Mrs. Madison, regular driver, is the wife of Joe Madison who is manager of the Daly City Cab company. She has been driving a car for the past six years. Both women have undergone driving tests and are in possession of drivers' and chauffeurs' licenses.

The two women begin work at 9 a. m. and turn the duties over to the men drivers at 4 p. m.

Japanese Imprison Daly City Man

Among the 2200 Americans who were imprisoned by the Japanese from Allied outposts in the Pacific is a Daly City man, John I. Goodpasture, formerly of 425 Wellington avenue.

Before taking a civilian job on a defense project on Wake Island, Goodpasture resided here with his brother, Virgil Goodpasture and his mother, Mrs. Mary Goodpasture, both of whom live at 425 Wellington avenue. Last word that was received here from Goodpasture was on December 1, 1941, six days before war was declared.

Goodpasture, with another brother, Dexter, is employed in the carpenter trade, and the two contracted for the Wake Island project with the Navy. There has been no word from Dexter.

Knowledge of Goodpasture's capture first came when the Navy released the names, last week, of the 2200 Navy men, Marines, and civilians who were captured on Wake and Guam. On the Twelfth Naval District list were the names of 250 civilians, 59 Marines, and 20 Navy men.

"Sergeant York" Opens At Daly City Theatre Tonight

One of the most eagerly anticipated screen events of this or any other year begins tonight as "Sergeant York" starts its local engagement at the Daly City theatre. Gary Cooper is starred in the title role of America's greatest World War hero.

From the day, more than 22 years ago, that Sergeant Alvin C. York returned from France after his heroic exploit of capturing 132 Germans almost single-handedly, the film industry has been endeavoring to get his permission to film the story of his life. York refused to "capitalize on Uncle Sam's uniform," as he put it, until the current world crisis made him realize that he would be performing a timely patriotic service in allowing the story to be told on the screen.

It is in the main a simple story, but the kind of story that is American to the core. Alvin York was a farmer down in the Tennessee hill country. Eldest son in a fatherless family, he worked hard to cultivate the rather barren soil of his little farm. Known as something of a "hell-raiser," he was wont to get drunk with a bunch of his friends every now and then. Then he "got religion" and the dream of his life was to get a piece of rich-soiled "bottom land" and marry his sweetheart, Gracie Williams.

Then came 1917 and the draft. York, deeply religious, was aghast at the thought that he might be called upon to kill, and registered as a conscientious objector. He was drafted, nevertheless.

York's expert marksmanship soon made him famous in his regiment. Then, overseas his division was swept into the bloody battle of the Argonne, and York performed his amazing feat.

Gary Cooper, whose work in such pictures as "Mr. Deeds Goes To Town" and "Meet John Doe" has made him an outstanding favorite of the American public, does the finest job of his illustrious career as York. Sixteen-year-old Joan Leslie has also come in for her share of critical acclaim for her wonderfully natural portrayal of Gracie Williams, York's sweetheart.

Marine Dell scored once in the first inning and again in the fourth. They completed their scoring with three runs in the sixth. The Laundryworkers tallied their lone run in the seventh inning.

OAKLAND QUINTET TRIMS LOCAL BOYS

The game was sponsored by the Daly City WPA Recreation department.

John H. Clifton, son of Mr. and Mrs. James H. Clifton, 147 Winchester street, and a sailor in the United States Navy, arrived home, Friday evening, from Pearl Harbor.

The visit home is the first one young Clifton has had except a short four hour stay, since his enlistment in the Navy two years ago. He is now stationed on Yerba Buena island, and will remain there until he is assigned to transport duty. Clifton was aboard a Navy ship on December 7 when Pearl Harbor was attacked.

Clifton celebrated his twenty-first birthday, Saturday, with his parents. Open house was held at home for him, Sunday.

Council was well satisfied with the program, and is this week engaged in ironing out minor difficulties that showed up during the drill.

One of the most difficult problems with which the council is faced at present, according to Civilian Defense Chief Arthur Bodien, is the shortage of volunteers for first aid duty. R. L. Crane jr., head of first aid, revealed that in several territories in the community, there is no first aid protection at all. The Civilian Defense Council made an appeal for more first aid volunteers to register at once so that they can enroll in standard first aid classes.

Rationing Board
Files Jan. Reports

(Continued from Page 1)

E. Smith, San Francisco; Sylvester Carpani, Millbrae; and Victor Currotto, Millbrae.

Two of the local board, Edmund Cavagnaro and Mrs. Ethyl Dorn, last week attended a meeting of the rationing boards of San Mateo county at the Benjamin Franklin hotel in San Mateo. The other member of the board, John Degliantoni, was unable to attend.

Resulting from the meeting, plans are now in progress to establish a centralized rationing board for the entire county in an effort to unify the function of the county rationing. The board will be named on March 1. However, Earl P. Wilsey, county civilian defense co-ordinator and organizer of San Mateo county's rationing, informed Cavagnaro of the local board that it is likely that the Daly City board will remain intact. Wilsey said that, in view of the efficiency with which local rationing is being done, he desired to allow local rationing to function independently.

Bert Lasswell
Donates Services

Bert Lasswell, Daly City yachtsman, is doing his part for the war effort in donating the services of his yacht to the United States Coast Guard in aiding defense along the California coast. Lasswell's yacht has been used, with the yachts and motorboats of 225 members of the Coast Guard auxiliary, since the outbreak of the war in increasing protection of strategic Northern California harbors. He has been a member of the Coast Guard auxiliary for the past year. The organization is non-military, but it voluntarily accepts the orders

Reading & Writing

By Edwin Seaver and Robin McKown

"Wanted. Englishman, twenty-five years old; about five feet eight inches tall, of indifferent build; walks with a little bend forward; pale appearance, red-brown hair, small mustache hardly perceptible; cannot pronounce 's' properly and does not know any Dutch."

The above is from a poster for an escaped prisoner of war, which appeared in South Africa at the time of the Boer War. The only thing the poster neglected to mention was the name of the Englishman. It was Winston Churchill.

Churchill, who, incidentally, was serving the English as a journalist, not as a soldier, had escaped from the Boer prison. Making his get-away in the coal car of a freight train, he met up with an English colliery manager who hid him in a mine and then helped him to escape to the Portuguese frontier. There he joined the English fighting forces. "If the Boers insist upon treating me as a combatant I might as well be one," he said. By the time he got back to England, in 1900, his exploits were famous; young Winston Churchill, the hitherto unknown son of the brilliant Lord Randolph Churchill, had become a celebrated character.

Philip Guedalla tells this story in his fascinating biography of Britain's leader, "Mr. Churchill," which has just been published.

One hundred and fifty-five literary critics throughout the country, participating in the Book-of-the-Month Club's second annual poll, have selected "Keys of the Kingdom" as the outstanding novel of 1941 and "Berlin Diary" as first in non-fiction.

The ten leading novels chosen by the critics, were: "Keys of the Kingdom," "H. M. Pulham, Esquire," "Darkness at Noon," "This Above All," "Windswept," "Storm," "Delilah," "The World of the Thibaults," "The Silent Don," "The Hills Beyond."

The ten leading non-fiction books, were: "Berlin Diary," "Reveille in Washington," "Blood, Sweat and Tears," "Out of the Night," "Black Lamb and Gray Falcon," "Inside Latin America," "Secret History of the American Revolution," "Kabloona," "Newspaper Days," "Mission to Moscow."

Here's a story to add to your stock of anti-Nazi jokes. It seems that Hitler once went to see a seeress and, in order not to be recognized, went in the uniform of a chauffeur. "Ah," said the seeress to the alleged chauffeur, "poor man, you are in a very bad way. The axis of your car will break. You'll get no gas. And your driver's license will be taken away." This story is related in "Athene Palace" by the foreign correspondent, Countess R. G. Waldeck, telling about her experiences in Rumania at the time of the German occupation. She heard it, incidentally, from a young Nazi official, who was telling stories like that as part of a subtly conceived propaganda plan of the Germans—to give the Rumanians the illusion that there is free speech in Germany.

IN THE MAIL

Dear Editor:

The recent enactment of the so-called Pensions for Congressmen bill has caused a great deal of controversy throughout the entire country. In spite of the fact that the bill in question provides for a retirement fund, rather than an outright pension, justifiable public criticism has been aimed at members of both the House and Senate. I say justifiable criticism because in my opinion this is a poor time to even consider such legislation.

I believe the citizens who elected me to represent them in the Congress of the United States are entitled to know my attitude with reference to this controversial measure. I did not vote for the bill. I am not eligible to come under its retirement provisions and, frankly, I would not use its advantages if I could. If I am given an opportunity to do so, I shall vote to repeal the Congressional provisions of the act. I believe this makes my position as clear as it can be stated.

In view of the widespread interest in this matter it will be appreciated if you will call the foregoing statement to the attention of your readers.

Thanking you for past courtesies, and with best wishes, I am

Sincerely yours,

John Z. Anderson,
Congressman, Eighth District.
Editor's Note: The pension bill has been repealed.

Carmen Amaya
To Dance Sunday

Departing for the first time this season in its orthodox concert series to present a novelty, the Opera Association has just announced that it is bringing Carmen Amaya, the 19-year-old Spanish Gypsy sensation, and her troupe of flamenco dancers to the Opera House Sunday afternoon, March 1.

This will be her first appearance on the West Coast. She will be supported by ten Gypsy dancers and musicians, featuring Antonio Triana, male dancer and Sabicas, greatest of all Spanish guitarists.

Never before has an artist been heralded by such an array of sensational notices as that attending the coming of Amaya. Toscanini, who discovered her in Buenos Aires last summer, is quoted as saying, "Never in my life have I seen a dancer with such fire, rhythm and such a terrifying and wonderful personality."

Stokowski declared, "She has the devil in her body."

Life magazine declared, "Amaya exploded like a fire-bomb in Carnegie hall. She is the concert sensation of the year."

Tickets for this event are now on sale at Sherman Clay box office, EXbrook 8585.

SAN MATEO COUNTY
RECEIVES GAS TAX MONEY

State Controller Harry B. Riley today apportioned \$82,950.27 of gasoline tax money to San Mateo county. The apportionment was made on the basis of a motor vehicle registration of 51,174.

This county's net apportionment was \$43,848.89 after the deduction of \$39,101.38 for repayment of unemployment relief loans previously made by the State.

It is patriotic to drive carefully. Help smash the enemy by avoiding smashups, advises the Department of Motor Vehicles.

OUR CONGRESSMEN

Bundles for congress were generous and letters grew red hot when the public finally read detail of the "quicky" bill that made pensions possible for our elected representatives. No favoritism was paid to our own congressman of the Eighth district, John Z. "Jack" Anderson. Anderson answered his constituents on a form letter. See page four of today's paper.

OUR TIRES

Perhaps before too many months, cars will be rolling over American highways on Guayule rubber a great percentage of which may be grown in California to give rise to another great industry here. For two years Congressman Jack Anderson and others have been developing the Guayule rubber program. The last week their efforts resulted in favorable congressional action on a bill authorizing the planting of 75,000 acres of the Guayule plant.

OUR BOYS

Letters from Daly City boys in the Service have recently come to the editor's desk. Among them was news from Paul Green, Donald Hertz, Albert MacCarthy and Kendal Van Pelt. Every page of these letters glows with a Yankee spirit of victory and a genuine interest in what's doing at home.

The Record would like to restate its policy of sending the newspaper free to every local man who goes into the Service. Troop movements sometimes makes it difficult for our circulation "to keep up" with changing addresses. If local men in training camps or at the front will let us know their addresses, we'll send the paper.

OUR HOME FRONT

To win this war on the home front is just as important as victories abroad. The Pacific League, along with other agencies, is promoting a campaign to maintain "Business as Usual" whenever and wherever possible. Our business—whether it be a one-man store, a mechanic at his lathe, or a great aggregation of men producing war planes—must continue methodically. Life will go on through this war emergency and after. The less hysteria and disruption now, the better for all!

Several applications for election board work on April 14 were received and filed.

Miss Ink's essay was entitled "Lincoln, A Pattern for American Youth," and the essay embraced the fine characteristics of Lincoln, showing the perfect example he set for young Americans in maintaining the ideals on which this nation was founded.

The essay by the grammar school student, Miss Casentini, portrayed the manner in which Lincoln overcame the hardships of early boyhood to become president of the United States, to be remembered as "a great American who strove for a new and better America."

In making the presentations, Bodien drew a comparison of the problems that faced Lincoln with the vital concern that confronts the Americans of today.

"We are at war today to retain our democracy, and we must fight for that, as Lincoln fought for his democracy in his day," Bodien declared.

interested in joining the group of volunteers are asked to register at the Daly City Theatre hall on Wednesdays from 10 a. m. until 4 p. m. or to contact Mrs. Fellows.

In a general survey of the possibilities in the Red Cross canteen, Mrs. Ethyl Dorn, canteen chairman, made an appeal for additional canteen equipment. Cups, saucers, large plates, and soup plates are some of the items that are needed by the Red Cross canteen. Mrs. Dorn asks housewives who have dishes stored away that can be used for canteen purposes to call Delaware 3313 and the dishes will be picked up by the Boy Scouts organization in Daly City.

Mrs. Dorn found, in her survey, that there are some places that are completely equipped, and could be converted into a canteen center on a minute's notice in case of a disaster in Daly City. The survey included public halls in the vicinity and schools of the Jefferson school district.

Spring Conditioning that's

TAILORED TO YOUR CAR!

Come in Now for a FREE Inspection by Authorized Factory-Trained Mechanics that Will Show Exactly what Attention YOUR Car Needs.

WANT LONGER TIRE LIFE? When switching tires, do you remember the spare? If you'll let us switch your tires, working the spare in where it can best be used, each tire out of the five you have will be on the road only four-fifths as much as usual. Net result: Longer life from the same full set.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought to be kept in proper adjustment for safety reasons alone. Beyond that, brakes that are "out" can also result in unnecessarily increased tire wear. For best results, let Buick men adjust your Buick brakes to Buick factory specifications.

LICK-AND-A-PROMISE spring conditioning won't do this year, mister!

You've got something more important to think about than just changing oil and grease — you've got a *whole car* that will have to see you through the duration, and you can't afford to overlook any part of it.

That's why Buick spring service is *tailored to your own particular car*.

We change oil and grease in the regular way, of course — we check batteries, cooling systems, wheel alignment and other routine matters.

Your whole car lasts longer when it is conditioned *as a unit* — especially when trained Buick specialists do the job.

So we write *your* spring conditioning ticket to fit *your car's* needs — not to make up a ready-made "package" according to average requirements.

The cost is no higher than for a comparably good job anywhere else. It's actually *lower* in the long run, because it pays to have a job done right.

Drop in for a **FREE** check-up by our authorized factory-trained mechanics and let us detail the service your car should have this spring.

Miss Juanita Young, physical education instructor, today announced that the new G. P. A. L. membership roll amounted to approximately 125 students. This is an exceptionally large group.

At a meeting, held last Friday, Edith Fasshauer was chosen as the new manager of the sports group. Rose Marie Carlsen was chosen to assist Miss Fasshauer as secretary-treasurer.

New emblems for individual sports have been chosen by the girls. Having awards for each sport is a new idea. The emblems were designed by the girls themselves.

Miss Fasshauer accompanied by Miss Carlsen, Miss Esther Hanel and Miss Jeffera Blandini attended the annual winter business session of the G. P. A. L., held at San Jose, Thursday afternoon. The meeting was composed of all peninsula G. P. A. L. groups. Miss Ella Redkey, faculty advisor, also accompanied the girls.

INDIANS OF RHYTHM

The first afternoon school dance, presented by the Allied Youth, last Friday, was a grand success. The Indians of Rhythm presented the musical background for the affair. Over two hundred students attended. The dance was held in the new building.

One of the main highlights of the afternoon was the presence of Principal James Ferguson who acted as leader of the Indians of Rhythm. Mr. Ferguson also honored some of the young ladies present by dancing with them.

The program to have been presented at Sharp Park, several weeks ago, was cancelled by the group because of so many pressing school activities. The group will present the scheduled program sometime next month.

LISTEN, FOLKS-
TREAT ME WELL

I'm getting fewer and fewer because I am made of needed metals that have marched off to help win this war. Steel, copper, zinc, brass and nickel are precious metals today. If I serve you now treat me well so I can serve you well. You see I am in the Health Corps. I wash clothes, scald dishes and do general clean-up duty about the house.

If you are needing an
AUTOMATIC GAS
WATER HEATER
...Better Not Wait!

There is, of course, no need to buy a water heater if you do not need one. That's foolish buying. If, however, your present water heater shows signs that it cannot stand up in duty on the home front for the duration, then you had better get one that will.

The efficient service of an Automatic Gas Water Heater will be a big help to you. A plentiful supply of hot water is a step in economy, because it cleans clothes, dishes, floors and walls speedier and with less soap.

Check over your present water heater. If you NEED a new one, it would be wise to act soon.
